WAINWRIGHT'S GROWTH OF SUBSTANTIAL KIND

G.T.H. Freight Sheds Burned.
Detroit, Mich., Nov. 23.—Fire which
erupted late last night was not under
control until early today, caused \$75-
damages to the G.T. Railway

A preparatory service will be held in estimator Presbyterian church on Friday evening at eight o'clock. The Rev. John Wood, of North Edmonton, will conduct the service. The sacrament of the Lord's supper will be dis-

To the People of Edmonton

Now, in order to make clear just what this campaign means, a brief preliminary explanation is necessary. This campaign has for its purpose the attracting of capital to Edmonton from all over Canada for the purpose of developing the great industrial institutions of the Northwest, of which the **Edmonton Portland Cement Company** is the first.

[illegible]

Danger.

—News from the Jamaica branch of the Bahamian Association today says this city communication interference has been reported by the police station as being in progress.

The Jamaica child, are in no danger as the steamer Curacao, of the Ward line, was standing by the Jamaica last night ready to receive and transport the passengers.

Hendy to Take Opinion.

Montreal, Nov. 27.—J. J. McCreedy, of Winnipeg, who has an option on the High School property for \$3,500, stated today that there was no hitch in the arrangements for the final consummation of the sale.

"I am going to see him again," he said.

The marriage of Mr. Paulish, Alberta, Prince Albertian contractor, took place yesterday at four o'clock.

The Rev. Dr. McGuire officiated.

**REGORGANIZATION
OF PUBLIC SCHOOLS
OF THE PROVINCE**

Radical Changes in Arrangement of
Classes and Program of Studies—
Subject to be Introduced
There Are to be Eight Grades In-

Reorganization of all public schools
of Alberta is to take place at the be-
ginning of the new year in accordance
with the provisions of the organiza-
tion of public school studies which
has just been approved by the de-
partment of education. In the prepa-
ration of this program twenty-five
of the leading teachers school inspec-
tors, principals, superintendents and
special grade teachers of the province
have been engaged for over a year
and this committee has called in others
considered to be experts to get the
benefit of their opinions. The com-
plete program of studies, which is de-
signed also to form a useful teachers' guide,
is now in the hands of the min-
ister of education, ready for the
press. When printed it will be dis-
tributed to all the teachers of the
province, who will carry its instruc-
tions into effect with the opening
of the schools after the Christmas vaca-
tion.

Reorganization of Classes.
The most radical change is in the
arrangement of classes. The old
"standards" are abolished and
grades are substituted. Instead of
six standards there will be eight
grades in the public school course.
Many pupils who are now in the
fourth standard will go back after
the Christmas holidays in the seventh
grade, those in the fifth standard in
the eighth grade. The rearrangement
will be left to the discretion of the
teacher advised by the principal, and
inspector or superintendent in the
case of city schools.

An Eight Years Course.
The eight grades will make the
public school course one of eight
years' training for the average pupil.
It is presumed that the average child
enters at the age of six and is ready
for the high school at the age of four-
teen. Children who enter school at
the age of seven or eight will be able
to overtake those who started earlier.
Promotion to the eighth grade will be
made by the teacher or principal sub-
ject to the approval of the inspector
or superintendent. At the end of
each grade eight and only public
school experimental examination is
held, the high school entrance exam-
ination corresponding to the old standard five ex-
amination.

High School Grades.
In the high school the three stand-
ards seven and eight are to be
replaced by four: grades nine, ten,
eleven and twelve. The four years
high school course leads to the ex-
amination for a first class certificate or
junior matriculation. Pupils are re-
quired for junior matriculation in
three years. In the high school,
standards seven and eight remain un-
changed until the end of the present
school year. The change in the lower
school by the substitution of grades
nine and ten for standard six has al-
ready taken effect.

Object of New Course.
The objective of the new public
school course, as outlined to the Bul-
letin yesterday afternoon by D. R.
Macdonald, deputy minister of educa-
tion, is to give a thorough English
training. A new subject introduced
is "Civics," and an old one, "Algebra,"
is dropped, to be taken up in the first
grade of the high school course.
Manual training and household sci-
ence are introduced with elementary
science in the first year of study.
Physical culture is made part of the
entire program, to manual train-
ing, physical culture, hygiene and
music no departmental examinations
are held.

Subjects of First Grade.
Subjects introduced in the first or
primary grade are: Reading, writing,
arithmetic, composition, nature study,
drawing, clay modelling, basket-
weaving, and paper cutting as an in-
troduction to manual training and house-
hold science music and physical culture.
The elements of civics and
department are taught the first grade
pupils in connection with physical
culture. The teacher is to conduct
games in the open air, and in the
country schools, attended by foreign
ers who know nothing about games,
is to teach the children how to play.
The subjects of grade one are con-
tinued throughout the course. Nature
study is gradually developed into the
formal study of geography in grades
five to eight and of agriculture in
grades seven and eight. The study of
history proper begins in grade five.
Much preparatory work is done in the
reading course which includes stories
of other lands, descriptive historical
sketches and fables.

Studies in Government.
The subject of civics is introduced
in grade seven and continued in grade
eight. The object of this course is to
fit pupils for the duties of citizenship
by giving them before leaving school,
in full detail of the forms of govern-
ment under which they live. Institu-
tions are studied as they are found.
Complex problems of evolution being
overlooked. Special emphasis is laid
upon the privileges and responsibilities
of citizenship in Canada. The
course begins with a study of the gov-
ernment of the home, and works up
through studies of the school, munici-
pal, provincial and federal principles
of government to the study in the
eighth grade of the imperial parlia-
mentary comparison of various
forms of government.

Much Supplementary Reading.
The formal study of grammar be-
gins in grade four. The language
learning in the first three grades
is to do with the substance of language
with the aim of developing by studies
in composition, literature and expression

and correct habits of speech accord-
ing to standards of usage.
Practical geometry is introduced in
grade eight. This study is of an
elementary character entirely, intended
to train the pupil in the construction
of geometrical figures. The compass,
ruler set square and protractor are
the instruments used. The work pro-
vides an excellent foundation for
the courses in theoretical geometry of
the higher grades.
The subject of bookkeeping, hitherto
optional, is now dropped entirely,
to be commenced in the first grade of
the high school.

Much supplementary reading is be-
ing added to the course, so that the
child on leaving the public school will
be much more widely read than for-
merly. The whole course has been
framed with a view to providing a
wide and thorough English training.

NEW DESIGN OF REGINA

Mr. Mathies Welcomed by 3,000 Cit-
izens—To be Tended Civic Ex-
ception.

Regina, Nov. 23.—Over three thou-
sand citizens were gathered at the C.
R. station this evening to welcome
Montague Mathies, the newly-or-
nated bishop of Regina. Bousing
were greeted his lordship's arrival
by Archbishop Hogg and Archbishop
Langens, attended by a hundred
torch-bearers, and a band of music.
The bishop is a carriage with Rev.
Father Sells, headed the procession of
twenty carriages and was driven to
the rectory of St. Mary's church,
where he will reside until the new
palace is ready for his occupation.
Probably next week.

Upwards of one hundred clergy are
in the city to take part in the
dignified ceremony to be held
tomorrow morning, and to participate
in the service. It is estimated that
which will occupy the remainder of
the week. Tomorrow evening a great
civic reception will be tendered him
in the city hall when the citizens of
Regina, irrespective of creed, will wel-
come the city's new distinguished resident.

OPPOSED TO SINGLE TAX.

Whitney Disapproves of Rowell's Propo-
sition for Ontario Taxes.
Toronto, Nov. 22.—James
Whitney again today expressed his
disapproval of the Ontario single
tax proposition and said that if the
present assessment act was thoroughly
understood and worked out by the
assessors no complications would
arise. Pointing out that it would be
said, that in the west, where specula-
tion held land and sold it for a price
in value some remedy was needed,
but the situation in Ontario was
different. In Ontario, many small-
holders were liable on bonds and
other debts. The present system of
taxation was hard to understand,
said, but every person in every
township would take care to get him-
self thoroughly acquainted with the
idea of the new law. It could not be
hard to work out the details. It was
impossible to say that the farmer
had a house worth \$12,000. It should
be taxed for \$12,000. The idea was
to tax on the relative value of the
house to the land, not on the value
of the house.

THE
Important Question

Are You Insured
against
Fire?

Fire Insurance:
A matter of importance to all prop-
erty owners.
Let us discuss it with you.
Your loss may be heavy.
The Cost of Protection is Small.

**The
PURVIS
CO., LTD.****TOYLAND
Saturday****SANTA CLAUS Says:**

"I'm commencing to make up my pack already. It's going to be so big this
year that I can't wait any longer.
"You just want to see the thousands of Toys and Dolls and Games I've al-
ready cached at Purvis."
"Don't let the little folks wait. Bring them to 'Toyland' Saturday."
"My headquarters are on the Third Floor. When I'm in, I'm tickled to see
boys and girls, especially when they bring Mamma or Papa, or big Brother or
Sister."

**WONDER AFTER WONDER IN THE TOYS
ALREADY DISPLAYED.**

It's a question if such a Christmas store as Purvis' will be found any-
where in Edmonton this year. There are so many different kinds, such great
big quantities, such splendid new toys, such magnificent revision of old fash-
ions—such myriads of astonishing values.

**THERE HAS NEVER BEEN SUCH AN EARLY
RUSH OF CHRISTMAS SHOPPERS.**

Every day the store is growing busier. First thing one knows varieties
will begin to show the effects of tremendous buying onslaughts.
DON'T WAIT—COMMENCE YOUR GIFT CHOOSING NOW.
Saturday is to be a Big Day in our Toyland—Be sure and bring the children.

(See the display of Toys in our centre window to-day.)

A Pound Lasts Longer

The first thing a woman notices when she starts using Blue Ribbon Tea is its richer, better flavor. Then she notices that a pound lasts longer. A pound of Blue Ribbon makes much more tea than is given to a larger amount of other tea. And it is guaranteed satisfactory. Your money will reward your money if you do not find Blue Ribbon superior to the tea you have been using. Merely return the unused portion.

N.T.C. Commission in Winnipeg. Winnipeg, Nov. 23.—Major Leonard and Secretary White, Engineer Grant and Assistant Engineer McWhorter, of the National Transcontinental Railway Commission, arrived from the east on a trip of inspection today. The Transcona shops were visited today and found in a very satisfactory state. The chairman announced that Manager Chamberlain, of the N.T.C., has an important change to make shortly on the system, but decided not to divulge its nature.

King Edward's Chapter Dismissed. Montreal, Nov. 22.—The chapter has been ordered in solemn order by the official announcement in the London Gazette that the appointment of the Rev. F. P. Farrar, son of the late Dean Farrar, as domestic chaplain to King George and the Queen Mother Alexandra, is cancelled. It is also reported by the London Express that the Rev. Farrar has resigned the fellowship of Sandringham.

CHILDREN KILLED IN FIRE. Cincinnati, Nov. 22.—Two children were fatally injured and a number of men seriously hurt when a fire, which for spectacular rescue, exploded on the street in this city, destroyed the plant of the J. Baum & Co. shoe company, at 4217 East Front street, this evening. The loss will be in the neighborhood of \$500,000.

GET IT AT THE PLAY.

Sixty Passengers Lose Their Lives When Train Plunges Through Bridge Into River.

San Mar. France, Nov. 23.—Sixty passengers, it is estimated, lost their lives through the plunging of a train into the river Thonnet this morning, owing to the breaking of a bridge on the state railway at Montcel-Hellay, in the Department of Maine-et-Loire. The train, which had started from Angers, was travelling to Poitiers. It contained 140 passengers. While it was crossing the bridge over the Thonnet structure, which had been greatly weakened by recent floods, crashed with the whole of the cars into the swollen stream. Many of the passengers who succeeded in getting out of the cars through the windows tried to save themselves by clinging to the tops of trees which showed above the surface of the water. In most cases, however, they were washed away by the rushing current. All the boats in the locality had been carried off by the water, so was impossible for the people of the neighborhood to assist much in the rescue work. No exact information is yet available as to the exact number of victims or as to those rescued.

BRITISH GOVERNMENT DEMANDS AN INQUIRY

Into Deaths of Three British Subjects Alleged to Have Succumbed Under Treatment of Pestig Spies in Seattle.

Seattle, Nov. 22.—Investigation of the deaths of Miss Claire Williamson, John Ivan Flax, both British subjects, and E. Stanley Watkins, a New Zealander, while in the care of Dr. Linda Skirved Perry Hazard, the woman nursing specialist, formerly of Minneapolis, has been requested of the British government. Through the British ambassador, James Bryce, the foreign secretary, Sir Edward Grey, has made a demand for a thorough inquiry into the case mentioned.

Dr. Hazard is awaiting trial on charge of murder in the first degree for having starved to death Miss Williamson, a wealthy and educated Englishwoman. Miss Dorothy Williamson, sister of the dead woman, charges the starvation cure practitioner with having starved her to death to get her jewelry and wealth.

The case came to the attention of the British government with the result that the American authorities have been asked to investigate the Williamson matter and also the other cases in which deaths resulted, while the patients were under the woman's care.

Blackmailers Committed for Trial.

London, Nov. 23.—The two prisoners charged with blackmailing Edith Ford, a retired Canadian housewife, now living at Acton, have been committed for trial.

LONDON CLOTHING HOUSE.

DISPENSING WITH LABOR. London, Ont., Nov. 23.—Tired of the alleged domination of Canadian labor by the American officials of the United Garment Workers' Union, the H. A. Nelson Company, of this city, dispensed with the use of the labor yesterday and are now running as an open shop. The matter has been taken up with the Labor department at Ottawa and Hon. Mr. Crozier, minister of labor, has been asked to come here by Mayor Heald. The company alleges that the American authorities of the union attempt to control the factory and that Canadian labor and Canadian goods are discriminated against. The company employs 100 hands.

Times Trip to Rescued British. London, Nov. 23.—The Times says: "There is no reason either for surprise or pessimism in Premier Borden's attitude on the navy question, nor need the proposal to submit a scheme to the House be attributed solely to French-Canadian influence. The willingness of all Canada to her effective co-operation with the rest of the empire in defense is worth regarding and worth waiting for."

Canada Second at Horse Show. New York, N.Y., Nov. 22.—The army team handily won the event for the American cup at the Horse show tonight, defeating Great Britain, Canada, and the United States. Canada won second place, the winning horse was Black Paddy, owned and ridden by H. H. M. Vanvorster, of the Royal Dutch House.
